## Transparent Costs

### What is healthcare transparency?

Providing you, the consumer, with upfront cost and quality information you can trust.

### How can I see this information?

Your employer has made Bluebook available to you as part of your benefits. Access price and quality information at no additional charge by visiting [myevhc.com](http://myevhc.com).

## Transparent Quality

### Why do I need this?

Healthcare prices and quality vary a lot by location and by procedure.

- Bluebook shows you the Fair Price™ of thousands of medical services as well as local providers that charge a Fair Price.
- We also rank hospitals nationally on separate clinical categories so you can choose a facility that's right for your medical needs.

**Evolution and Healthcare Bluebook, together, enable members to better take charge of their healthcare costs.**

Healthcare Bluebook is not an affiliate of Evolution Healthcare.

# Getting Started

- Use the drop-down menus, or enter a search term in the search bar.
- Choose the procedure or test that your physician recommended.
- Once you've found your procedure, make sure you confirm or change your ZIP code for the most accurate information.

## Shop for healthcare two ways – Cost & Quality

### Shopping for Healthcare

You may want to shop by price for some procedures, such as an MRI or a CT scan. With more complex procedures like a shoulder arthroscopy or a spinal fusion, you'll probably want to take quality ratings into account when making your decision. *We'll show you which procedures are ranked by price and which are ranked by quality on this screen.*
